It is an example of the abstract for the conference "MECO 46". It uses the style-file "meco46.sty". As a result, an abstract fits the 11 cm × 16 cm rectangle typed by a 10 pt font (approximately 300 words). Please submit the tex file of the abstract using the registration form (Registration/login link on the webpage).

Underline the presenting author's name. For the author(s) with several affiliations you can indicate up to 6 different institutions by labels \ada ... \adf. Use \ac command to separate different labels. For the author(s) with single affiliation please uncomment the commented lines in the template.
